

ABC OPEN DANIEL SCHMIDT

500 WORDS CREATIVE WRITING WORKSHOP : CRINGE!

The 500 Words workshop teaches participants the skills to write effectively for online and how to write for March's theme - Cringe! Share the story of a memory that makes you cringe. Take us back to the moment of shame; describe the rationale behind the offending action, the moment you realised that it was an error of judgement, and why this still plagues you.

PHOTOGRAPHY

27 MARCH | 5 - 7 PM

Do you have a DSLR camera, but don't know how to use it? Do you feel doomed to forever use the AUTO mode? Does the thought of ISO or f/stop give you cold sweats? Never fear, photography can be fun and easy! This workshop is perfect for those who want to take control of their photography. It concentrates on three aspects of camera use: focus, exposure and composition, as well as looking at March's Snapped theme - My Ride.

LIFE'S **BIG** QUESTIONS

Do you have the answers to Life's Big Questions? ABC Open's newest video project looks at a snapshot of Australia, with the same three questions being asked and answered at workshops around the country. You could come along to learn skills in interviewing, camera operation, audio, lighting and editing or come along because you've got some pearls of wisdom to share!
