Why not book a table
(seating 8)

Putt Putt Boats & Folk
Music Together

The Boats

Putt putt boats were the working boats of yesteryear. A stable timber hull coupled with a reliable inboard engine were a common fishing platform for both commercial and amateur fisherman. In recent years these boats have enjoyed a resurgence with classic boat enthusiasts as a reminder of days gone by. Now used largely for recreational pleasure, they provide a leisurely day's cruising along the river and a reason to gather.

The Music

For a perfect ending to Saturday's events, organised a unique evening of entertainment.

Splash Theatre celebrating Australian language, humour and song - plus The Blaxland Pups Variety Band. Seven truly accomplished South Australian musicians playing an Eclectic Mix of Australiana, Rockabilly, Rock, Pop, Folk and more. They will have you tapping your toes and looking for the dance floor. This will be a memorable evening held in the historic Landseer Warehouse.
