Lock operations South Australia

The hours of passage through Lock and Weirs 1 to 9 are:
8.00 to 11.30 am / 1.00 to 4.30 pm
7 days a week. Closed Christmas Day

Traversing a Lock

Traversing a lock is quick simple, if a few basic rules are observed. Before approaching the lock, indicate to the lock attendant your intention to proceed. It is your responsibility to contact the Lock attendant, preferably by using one of the following signals:
3 prolonged blasts (4 seconds each) on a whistle, air or electric horn or other suitable device ie mobile phone

Lock 1 to 9 phone numbers
1 - (08) 8540 5001 2 - (08) 8543 2246
3 - (08) 8588 7005 4 - (08) 8582 1388
5 - (08) 8595 5114 6 - (08) 8595 8025

A **Red Flashing Light** on top of the control boxes will indicate the Lock attendant has acknowledged your intentions and the chamber is being prepared for a lockage.

Do not approach within 150 metres of the lock until the signal to proceed has been given by the Lock attendant. This will be indicated by a **Green Flashing Light**.

The Lock attendant will direct where the vessel is to stop in lock chamber. SA Water suggest that you have a person standing by your ropes for the duration of the lockage.

SA Water contact (08) 8595 2222
